Address:

Alpena

Price:

450.00 \$

This chain link dog kennel measures 15 X 5 feet and is 6 feet high. The enclosure features a pane in the center that can be closed to make two separate compartments measuring 7 1/2 X 5 each--handy for feeding dogs who fight over food. Includes gated front door.

The enclosure is in excellent condition. Similar enclosures found at Tractor Supply start at \$300 without extra features. The hand-crafted dog house has everything for the pampered pup and owner. Steel siding all around, fully insulated, heated, wind and waterproof.

There's even a doggie door with an optional Plexiglas swinging door. The unit measures a very comfortable 52" W x 31"D x 38" H, plenty of room for two medium-sized dogs. The hinged top opens and lifts easily to provide for cleaning. Chew-proof interior. This unit is very well made and therefore weighs over 100 pounds. Bring your truck and lots of help! CASH ONLY, PICKUP ONLY. These items are located in Alpena, Mi.
